

Dear future student of USM,

CONGRATULATIONS!

We are looking forward to welcome you onboard to further your studies at USM. As a new international student, you need to apply for the student pass before making arrangements to travel to Malaysia for your registration. Please note that you need to apply for the student pass at least three (3) months before the commencement of your studies.

Kindly follow these steps for your student pass application processing:

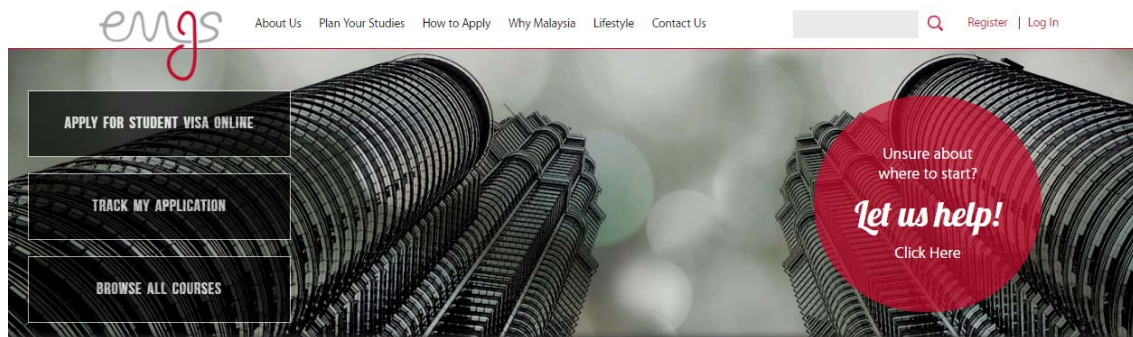

SEVEN STEPS TO GET A STUDENT PASS

STEP 1: Apply Online and Complete your Student Pass (Mobility) Application

New students need to apply your student pass directly through the Education Malaysia Global Services (EMGS) website. Please log on to the public portal at <https://educationmalaysia.gov.my/pass-application.html> and complete the application form.

Please select one of the courses listed below:

- 1 semester exchange Programme (Mobility)
- 2 semester exchange Programme (Mobility)
- Internship Mobility
- Research Mobility

Kindly refer to **Appendix A** for guides on how to fill out the online application form.

Kindly refer to **Appendix B** for the list of required documents for new application. You will need to upload these files for your online application.

Any incomplete application cannot be processed.

STEP 2: Make Payment for Visa Processing Fee

Once your online application is completed, you will need to pay the visa processing fee (Note: This does not include the Student Pass and Multiple Entry Visa fees). The amount required to be paid varies depending on the validity of your passport, duration of course and the selected insurance package through the EMGS portal. Please refer to the EMGS website for further details on insurance benefit at this link: <http://educationmalaysia.gov.my/index.php/get-started/medical-and-health-insurance.html>

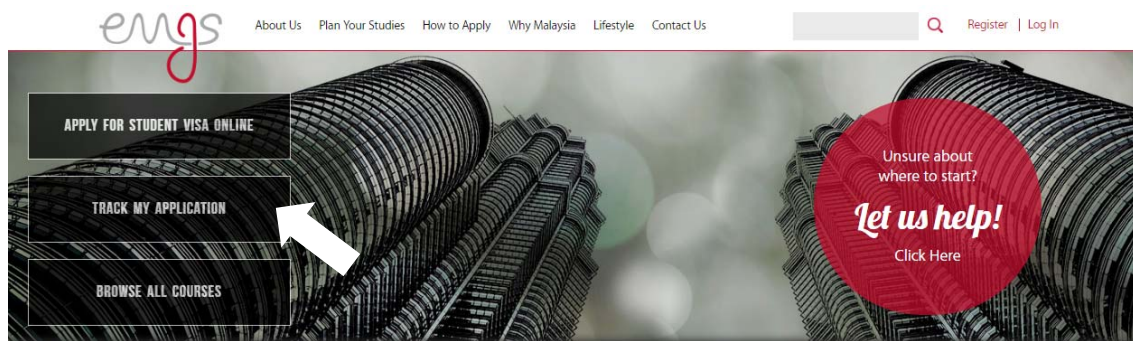

Payment has to be made in Malaysian Ringgit (MYR) only. Please follow the instructions and make exact payment based on the amount mentioned in the EMGS portal. We highly recommend that you choose the payment option using:

- i. **Credit Card**
- ii. **Interbank Funds Transfer directly to EMGS** (Funds transfer directly to EMGS can be performed from your local bank through this bank account details):

Bank Address:	Lot 1.01 Ampang Park, Jalan Ampang 50450, Kuala Lumpur

Please note that choosing the option to pay via Telegraphic Transfer (TT) to EMGS or directly to USM will cause a delay in your visa application. There will also be bank charges or currency exchange fee for TT transaction and the amount received by EMGS or USM will be less. Therefore, you are required to check with your bank before making any transaction and include any charges/fee incurred.

STEP 3: Complete and Submit Your Online Application

Only once payment is complete, your application will be processed by EMGS and you will receive the notification with your application number for your reference. The application details and payment confirmation will be sent to the e-mail address you used when registering.

STEP 4: Check your visa application status

You may check the status of your visa application [after two (2) weeks of payment submission] via <https://educationmalaysia.gov.my/emgs/application/searchForm/>.

STEP 5: Apply Single Entry Visa (SEV) to Malaysia

PASSPORT PHOTO GUIDELINES

Please find below the photo guidelines for submitting a passport photo to EMGS. Kindly note that this is important since the same picture will be used on the Immigration System as well as printed on the iKad.

You are requested to adhere to the guidelines below to avoid any delay in processing as well as avoiding any untoward issues with law enforcement officials checking the iKad.

1. In colour and identical, not black and white.
2. Taken against a **WHITE** background.
3. Your photos must be **professionally printed** and 45 millimetres (mm) high x 35mm wide. **Please do not use photos that have been cut down from larger pictures.** In the examples below, the *one on the left shows the correct proportions.* The image on the right shows incorrect proportions.

4. When scanning and uploading the passport picture online please ensure that there is **no white border** surrounding the photo as this may affect the dimensions of the image. Therefore, please remove the white border before uploading the student's picture. In the examples below, the *one on the left shows the correct proportions.* The image on the right shows incorrect proportions.

5. Free from reflection or glare on spectacles, the frames of which must not cover the eyes. **We recommend photographs without spectacles to avoid the risk of rejection because of glare or reflection.**
6. Because clothing is visible in the passport photo, subjects should be careful to wear something modest. A conservative top is best. **Do not wear something with open shoulders (such as a tank top).**
7. Free from shadows.
8. Digital enhancements or changes are not acceptable.
9. Taken with the eyes open and clearly visible (with no sunglasses or tinted spectacles, and no hair across the eyes) - if possible.
10. With the subject facing forward, looking straight at the camera.
11. With a neutral expression with the mouth closed (no grinning, frowning or raised eyebrows).
12. Of each person on their own (no objects such as dummies or toys, or other people visible).
13. Taken with nothing covering the face.
14. In sharp focus and clear.
15. Free from "redeye".
16. Taken of the full head, without any covering unless worn for religious or medical reasons.
17. Make sure the facial features are clearly visible, from the bottom of the chin to the crown of the head.
18. Printed professionally or taken in a passport photo booth. Photos printed at home are unlikely to be of an acceptable standard.
